

# FORGE

stainless steel slide rail with handset

20004010660

## INSTALLATION GUIDELINES

1. Ensure the wall is strong enough to support the towel rail
2. Mark the wall before drilling
3. Be aware of the location of pipes and cables behind the wall before drilling
4. Use the appropriate drill bit for the wall plug.
5. Check that the wall fittings are suitable.

## CARE AND MAINTENANCE:

To maintain the appearance of this product, ensure that it is regularly cleaned on using a clean, soft damp cloth. A solution of warm water and a mild detergent may be used where necessary, and then the fitting rinsed thoroughly and wiped dry. Any other cleaning action will invalidate your warranty.

## DIMENSION & LINE DRAWING

### DIMENSIONS:

Height of the rail 600mm (Centre to centre)
