

# FORGE

stainless steel extrafill 60cm

20004010665

## INSTALLATION GUIDELINES

1. Installation should be carried out by a competent engineer, in accordance with water regulations.
2. Turn off isolating valves before starting work.
3. Please refer to diagram sheet included for step by step instructions.
4. Product is supplied with two connectors and one blanking nut, to be used as needed.
5. Note that the plug height will need adjusting to open and seal correctly.

## CARE AND MAINTENANCE:

To maintain the appearance of this product, ensure that it is regularly cleaned only using a clean, soft damp cloth. A solution of warm water and a mild detergent may be used where necessary, then rinsed thoroughly and wiped dry. Any other cleaning action will invalidate your warranty.

Abrasive cleaners, scouring cleaners and acidic cleaners **must not be used** under any circumstances. Avoid contact with all solvents (including chlorinated solvents, ketones or acetones as these may result in surface deterioration or etching).
